

WASTE

Pile of unwanted steel by Helen Westerbeke

Stop buying stuff you don't need.

Reject packaging and then companies will stop making it.

Teach people how to sew and repair and make clothes.

Head to the recycle shop at the landfill (Trash palace)

Be aware of pollution in the Pauatahanui inlet. Tell the news about it.

Visit the Remakery in the Hutt.

Second hand shops with style! Make them inviting to enter and use.

Invent bags that are compostable.

Say NO to 'flushable' wipes (the treatment plants cant process them).

Educate people that NO wipes are actually flushable.

Use cotton nappies.
